Dear Mahlia,

This letter is to acknowledge The Good Night Foundation for its recent grant of \$4,000 to Marin Organic on the recommendation of Cavallo Point - the Lodge at the Golden Gate. Funds awarded by The Good Night Foundation help support our organization's endeavors to create a healthy local food system and sustain the economic viability of small-scale agriculture in Marin. Because of invaluable partners like you, Marin Organic has reached the following milestones:

- **Unprecedented collaborations** with educational and environmental organizations, food producers, consumers and government agencies that together have made Marin County "*the national epicenter of the organic food movement.*" (*New York Times*)
- Ongoing **outreach and education** resulting in the organic certification of nearly 60 operations in Marin, and an increase in certified organic acreage from 400 acres to nearly 20,000.
- Delivery of more than 130,000 pounds of free, certified organic local food to Marin County schools and resource centers enrolled in the **Organic School Lunch and Gleaning Program**.
- Development of an educational **Farm Days** program for Marin County students, offering a hands-on learning experience and instruction in sustainable agriculture.
- Establishment of Marin Organic as a **model and resource for communities locally and abroad** seeking guidance on how to support small-scale organic farming and a healthier food system.

Thanks to the generous guests of Cavallo Point - the Lodge at the Golden Gate. Marin Organic will continue its role as a leader in the national movement towards sustainable agriculture and the creation of local food-shed in Marin County that serves as a model for the nation. *Thank you!*

Best Regards,
